

Faculty Seminar

Impact of the Group IV Protein Tyrosine Kinase, Fer, on Intestinal Inflammation and Neutrophil Function

Dr. Maitham Khajah

Department of Applied Therapeutics

Faculty of Pharmacy

Kuwait University, Kuwait

Objectives:

- 1- General background for protein kinases and their role in the body.
- 2-The role of group IV protein tyrosine kinase (Fer) in inflammation and specifically in animal models of inflammatory bowel disease (IBD).
- 3-The mechanism of Fer in modulation intestinal inflammation *in vivo*.
- 4-How we can treat IBD clinically by targeting Fer kinase.

Date: Monday, February 22, 2010

Time: 1:00 pm – 2:00 pm

Venue: 2-92, 2nd floor, Faculty of Pharmacy

CME Reg. No. 161/Ph0/Feb10: 1Credit, Category 1

Contact no 2498-6076
