Message from the Chairman of the 2nd KIPC Organizing Committee

Dr. Mohammed G. Qaddoumi
Chair, KIPC organizing Committee

On behalf of the Organizing Committee and the Faculty of Pharmacy, I would like to welcome you all to the 2nd Kuwait International Pharmaceutical Conference 2009. With the dynamic growth and the support of pharmaceutical industries, we at the College of Pharmacy continually strive for our organizations to be in the forefront of the professional and educational community. We believe that we should always embrace new opportunities to foster the professional development of our students, trainees, and practitioners. We are pleased to announce that the College of Pharmacy at the University of South Carolina, Columbia, USA, will be the keynote speaker for our conference 2009. We have managed to invite some of the most distinguished international speakers to talk about their discoveries in the field of Pharmacy, several academic staff, I was able to assemble an outstanding Organizing Committee. The first imminent goal of the Organizing Committee focused on building on the achievements attained by the 1st KIPC held in 2007. Getting pharmaceutical care, pharmacy practice, clinical pharmacy, pharmacovigilance, pharmaceutical technology, drug delivery systems, herbal medicine, and pharmacogenomics. The thorough and careful planning will result in a successful conference. The scientific program is designed to be a forum for the exchange of innovative research and practice ideas in the field of Pharmacy among pharmaceutical scientists, pharmacists, pharmaceutical scientists, academicians, and researchers in the field of Pharmacy. We choose the Industries Company, GlaxoSmithKline Company, Safwan Trading Company, and Kuwait Saudi Pharmaceutical Industries Company.
